Technical Data Sheet

LUSTER-ON TRUCKWASH

Multi-metal Spray Cleaner

I. GENERAL DESCRIPTION

Luster-On Truckwash is a slightly alkaline, liquid material designed for high pressure, spray application applications. Luster-On Truckwash is phosphate-free and biodegradable.

Luster-On Truckwash contains a unique combination of surfactants which perform as a "self-demulsifying" detergent package. In most oil/water separators Luster-On Truckwash will split the oil and water into two phases. The oil can then be skimmed off for disposal and the cleaner can be rebuilt and reused.

READ MATERIALS SAFETY DATA SHEET BEFORE USING THIS PRODUCT

II. OPERATING CONDITIONS

A. SPRAY APPLICATION

Concentration: 3 to 10% by volume of water.

Temperature: 120° to 160°F

Pressure: 5 to 40 psi.
